RESPONSE TO DRAWING INCONSISTENCY WITH SPECIFICATION

MAIL STOP ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

We received a Notice of Drawing Inconsistency dated August 3, 2006 indicating that Figs. 5-7 did not match the specification. The undersigned checked the file and notes the following.

Formal drawings were filed on February 26, 2002 along with the Response to Missing Parts. Figures 1-6 were submitted in that filing. Upon closer inspection, it is clear that those drawings do not match the specification and are not even related. In error, without any deceptive intent, the drawings for a different docket, namely Welsh & Katz docket no. 84872 were inadvertently filed in

this application. Drawings for docket no. 84872 was apparently interchanged with the subject docket, 84782. Thus, the previous formal drawings submitted were erroneous.

Accordingly, new and correct formal drawings are included herewith, which correspond to the informal drawings originally filed with the application. The undersigned apologizes for any confusion this may have caused and commends the PTO diligence in discovering this error.

The Commissioner is hereby authorized to charge any additional fee which may be required for this application under 37 C.F.R. §§ 1.16-1.18, including but not limited to the issue fee, or credit any overpayment, to Deposit Account No. 23-0920. Should no proper amount be enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal, or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 23-0920.

Respectfully submitted,

WELSH & KATZ, LTD.
